

Anthony is the Associate Director of Equity Capital Markets at Core Energy Group.

Prior to joining Core in 2009, Anthony worked at KPMG where he gained experience across a wide range of industries and companies including in the energy arena.

At Core Anthony plays a lead role in equity market advisory services, primarily for larger cap energy companies including Woodside, Origin, Santos, BHP Petroleum, Oil Search and AGL. He also manages the continuous improvement of quantitative analytical tools and techniques, including modeling tools, company valuations and reporting processes.

Anthony graduated with a Bachelor of Commerce (Accounting & Corporate Finance) from the University of Adelaide. During his time with KPMG he completed his Graduate Diploma of Chartered Accounting. He also recently completed a Graduate Diploma in Applied finance through FINSIA.
